CONGRATULATIONS ON PURCHASING YOUR NEW STUMP BLIND!

The Stump has been providing comfortable and enjoyable hunting since 2003. To ensure safety and longevity, we ask that you please follow the instructions carefully. If during the assembly you have any questions, please call: 800-262-4129 from 8am-5pm M-F central standard time.

Whether you are using your Stump to introduce a young hunter to the woods or positioning yourself for the hunt of a lifetime, you will quickly realize that this blind is one of the most valuable tools you have in your arsenal.

CONTENTS IN THIS PACKAGE:

1. Stump Blind
2. Assembly Hardware
4. Steel Base
5. Wood Floor
6. Instruction Manual
1. Install your one shelf. Hold your shelf in the desired location on the wall of your blind. In the slots below the shelf drill a 1/4” hole into the wall of the blind. Bolt the shelf to the blind using the (2) 1/4-20 x 1 1/4” bolts, 1/4” fender washers, and 1/4-20 nuts.

2. Attach the outside door handle to open door. Insert flat head door handle bolt into black handle then attach it to the door latch and tighten.

3. Place your grab handle on the outside of the blind to the left of the door. See the two predrilled holes. On the outside of the blind place the handle over the holes, run your (2) 10-24 x 1 1/4” handles bolts through the handle and into the stand. Insert a fender washer on the inside on each of the bolts. Fasten down with your 10-24 lock nuts and tighten to a snug fit. **DO NOT OVER TIGHTEN!**

4. (To Elevate Wood Legs) Set the stand on its side. Take your green treated 4 x 4 posts and slide them into the steel pockets on the base. Install two lag screws into each post through the holes on each steel pocket.

   *Cross brace all your legs for added support. You are ready to elevate your Stump.*

   **NOTE:** Maximum height is 12ft. to the angled base.
1. Install your one shelf. Hold your shelf in the desired location on the wall of your blind. In the slots below the shelf drill a 1/4” hole into the wall of the blind. Bolt the shelf to the blind using the (2) 1/4-20 x 1 1/4" bolts, 1/4” fender washers, and 1/4-20 nuts.

2. (To Elevate Wood Legs) Set the stand on its side. Take your green treated 4 x 4 posts and slide them into the steel pockets on the base. Install two lag screws into each post through the holes on each steel pocket.

*Cross brace all your legs for added support. You are ready to elevate your Stump.*

**NOTE:** Maximum height is 12ft. to the angled base.
TOOLS NEEDED:
- 1/2” Nut Driver
- Phillips Screwdriver/Bit
- Cordless Drill
- 1/4” Drill Bit
- 7/16” Wrench

INCLUDED PARTS:
- (1) Stump Blind
- (1) Steel Base
- (1) Wood Floor
- (8) Lag Bolts
- (1) Shelf
- (2) 1/4-20 x 1 1/4” Bolts
- (2) 1/4-20 Lock Nuts
- (2) 1/4” Washers

1. Install your one shelf. Hold your shelf in the desired location on the wall of your blind. In the slots below the shelf drill a 1/4” hole into the wall of the blind. Bolt the shelf to the blind using the (2) 1/4-20 x 1 1/4” bolts, 1/4” fender washers, and 1/4-20 nuts.

2. (To Elevate Wood) Set the stand on its side. Take your green treated 4 x 4 posts and slide them into the steel pockets on the base. Install two lag screws into each post through the holes on each steel pocket.

   Cross brace all your legs for added support. You are ready to elevate your Stump.

   NOTE: Maximum height is 12ft. to the angled base.
1. Install your one shelf. Hold your shelf in the desired location on the wall of your blind. In the slots below the shelf drill a 1/4” hole into the wall of the blind. Bolt the shelf to the blind using the (2) 1/4-20 x 1 1/4” bolts, 1/4” fender washers, and 1/4-20 nuts.

2. Attach the outside door handle to open door. Insert flat head door handle bolt into black handle then attach it to the door latch and tighten.

3. Place your grab handle on the outside of the blind to the left of the door. See the two predrilled holes. On the outside of the blind place the handle over the holes, run your (2) 10-24 x 1 1/4” handles bolts through the handle and into the stand. Insert a fender washer on the inside on each of the bolts. Fasten down with your 10-24 lock nuts and tighten to a snug fit. **DO NOT OVER TIGHTEN!**

*Your Assembly is Complete!*
1. Install your one shelf. Hold your shelf in the desired location on the wall of your blind. In the slots below the shelf drill a 1/4” hole into the wall of the blind. Bolt the shelf to the blind using the (2) 1/4-20 x 1 1/4” bolts, 1/4” fender washers, and 1/4-20 nuts.

Your Assembly is Complete!
1. Remove the plastic cap in the middle of the handle covering the screw.

2. Make sure the door handle is in the closed (horizontal) position and unscrew the handle.

3. Put the new handle on making sure it fits into place. Make sure the handle rotates correctly. Screw to a tight fit. Place black cap over exposed screw.

1. Install your one shelf. Hold your shelf in the desired location on the wall of your blind. In the slots below the shelf drill a 1/4” hole into the wall of the blind. Bolt the shelf to the blind using the (2) 1/4-20 x 1 1/4” bolts, 1/4” fender washers, and 1/4-20 nuts.

2. Attach the outside door handle to open door. Insert flat head door handle bolt into black handle then attach it to the door latch and tighten.

Your Assembly is Complete!
1. Attach the Cable to the d-ring of the Steel Base.

2. Screw in the Earth Anchor directly below the blind.

3. Attach the Turn Buckle to the Earth Anchor.

4. Attach the Cable to the Turn Buckle.

5. Tighten Cable and Clamp with the Cable Clamps.

INCLUDED PARTS:
(1) Turn Buckle
(1) Earth Anchor
(1) 10’ Cable
(2) Cable Clamps
1. Find desired location on the inside of the roof of your Stump.

2. Drill 1/4” hole at the location.

3. Insert the bolt into the Bow Hanger and insert the bolt through the black bushing.

4. Insert the bolt through your drilled hole. On top of the blind, place the washer on the bolt, then place the lock nut on the bolt and tighten to a snug fit.
1. Hold the curtain up to the window & line up where to attach the magnets.

2. Screw in the magnets.

3. Attach the curtains to the magnets. Make sure the curtain covers the window.

4. Recommended: Curtains should be placed with camouflage facing out.

INCLUDED PARTS:
(2) Magnets/Screws per Curtain
*Number of curtains varies per blind
1. Unpack items. **If applying to a Banks Blind proceed to step 3. If applying to another, proceed to step 2.**

2. Cut out an opening for the Framed or Vision window to fit into.
   
   2a. *Notice radius corners & cut opening accordingly.

   2b. Insert Framed Window into the opening & drill out the 6 attachment holes.

3. Take your 1 3/4” 10-24 bolts and insert into the window latch so the working on the latch faces the head of the bolt. See photo below for the correct holes to use. Secure the bolt with the lock nut and tighten to a snug fit. Repeat for remaining holes.

4. Adjust the tightness of the bolts so that the windows open properly and the latches latch properly.
1. Wipe down outside of window to remove dirt and dust, creating a dry and clean surface.

2. Peel off only the heavy white paper exposing black adhesive.

3. Apply Stealth Screen to the outside of your Stump Window.

4. Use a flat surface to remove any air bubbles.
5. Peel off remaining paper to expose camouflage.

6. Use a utility knife to trim edges so they fit the shape of the window.
7. Repeat for remaining windows.
1. Place your Storage Shelf in desired location in your blind.

2. Drill your (2) attachment holes into the blind by using the storage shelf as your template. We recommend using a level.

3. Attach the Storage Shelf to the blind using the 1/4-20 x 1.5” bolts and washers.

4. Fasten the shelf to the blind using the 1/4-20 lock nuts. Tighten to a snug fit.
1. Unpack all layers.
2. Wipe down all the walls.
3. Follow cut instructions for layout & placement of wall insulation.
4. Crack & peel the backing of the insulation to expose the adhesive film.
5. Stick insulation to the walls. (Tip: Start with the top layers & work your way down.)

Check out these other Banks Outdoors products!

**FEEDBANK**
The Feed Bank is a gravity-fed deer feeder designed to elevate with a single center post. This eliminates any obstruction for bucks to access the feed. Available in 40lbs, 150lbs, 300lbs and 600lbs.

**WILD WATER®**
Wild Water® is the watering system for all the wildlife on your property available in 100 and 300 gallon sizes. Reduce the effect disease and dehydration can have on your deer herd.

**WILD WATER® MINERAL SUPPLEMENT**
The mineral supplement not only maximizes deer health, it is also highly desired which increases deer activity right where you want them.

**STEEL TOWER SYSTEM**
Available in 4’, 8’ and 12’ heights, The Steel Tower System mounts to any Banks Outdoors hunting blind.

**CAPTAIN’S CHAIR**
Configure your own hunting blind seating arrangement in your Stump with this swiveling and rolling hunting chair. The padded back and seat keeps you comfortable during long hunts.
LIMITED LIFETIME WARRANTY

The Banks Outdoors product(s) purchased from our authorized dealers is warranted to be free from defects in material and workmanship for as long as the registered original owner owns the blind. Banks Outdoors will repair or replace your product, with the same or comparable model free of charge (shipping charges not included) for life, once the product has been registered with Banks Outdoors, in the event of a defect in materials or workmanship occurring during normal use. The warranty only extends to the original retail purchaser named on the product registration. The product must be registered on www.banksoutdoors.com or by mail before warranty performance.

WHAT IS NOT COVERED?
Not covered under this warranty are failures due to misuse, abuse or normal wear and tear and improper installation. Additionally, failures due to acts of God & nature, such as storms, strong winds, and animal damage are not covered by this warranty.

NO ADDITIONAL WARRANTY APPLIES
The Limited Lifetime Warranty is the exclusive warranty for Banks Outdoors products. Dealers, Retailers, or Representatives are not authorized to alter this warranty or create additional warranties on behalf of Banks Outdoors.

HOW TO SUBMIT A WARRANTY REQUEST
Please call 1-800-262-4129.

To become a registered owner of your Banks Outdoors Stump Blind, please complete the online Product Registration form at www.banksoutdoors.com, or submit your registration by mailing the card included with your product. Your product needs to be registered in order to take advantage of the Limited Lifetime Warranty.
WARRANTY REGISTRATION CARD

The product must be registered on www.banksoutdoors.com or by mail before warranty performance.
